EDUCATION

Indian Institute of Technology Bombay (IIT Bombay)

B.S. Chemistry, 2nd Year | CGPA: 8.3/10.0

JEE Main 2023: 99.89 Percentile | All India Rank: 1650

JEE Advanced 2023: Top 4 Percentile

TECHNICAL SKILLS

Frontend: React.js, HTML5, CSS3, JavaScript (ES6+), Vue.js

Backend: Django, REST APIs

AI/ML: Machine Learning fundamentals, Gemini API, GenAI (Claude Code, Codex), AI Agent Development

Other: Data Structures & Algorithms (DSA), Git, Responsive Design

EXPERIENCE & PROJECTS

DevCom - IIT Bombay Coding Club | Contributor

- Contributing to Resobin (Deployed Production App) — A Django-based student timetable and course management tool
- Implemented auto-add to timetable feature using React (currently in deployment phase)
- Contributing to NewBee (Deployed Production App) — Student onboarding portal
- Led frontend revamp of NewBee interface improving UX and accessibility

AI Browser Automation Assistant | IIT Bombay Summer of Code (SoC) Project

- Building an intelligent browser task automation tool using React, Python, and Generative AI
- Enables users to automate complex browser workflows through natural language commands
- Tech Stack: React (frontend), Python (backend), AI agents for task orchestration
- Project focused on exploring agentic AI patterns and practical GenAI applications

Movie Search & Recommendation Platform

- Full-stack web application built with React frontend and API integration
- Features: Movie search by name, personalized recommendations based on user mood
- Integrated Gemini API for AI-powered movie recommendations
- Responsive design for seamless user experience across devices

Freelance Platform Frontend | Team Project (DevCom Mentorship)

Developed frontend for a Fiverr-like service marketplace as part of DevCom mentorship program using React and modern UI/UX practices (project in progress)

LEARNING & DEVELOPMENT

- Machine Learning course through Learners Space (UGAC) — IIT Bombay
- Completed Love Babbar's comprehensive DSA course covering algorithms, data structures, and competitive programming

- Actively exploring Generative AI concepts, prompt engineering, and AI agent development

ACHIEVEMENTS

- Active contributor to DevCom with deployed applications serving 1000+ students
- Selected for IIT Bombay Summer of Code (SoC) for AI agent development
- Strong foundation in DSA and problem-solving with consistent academic performance (8.3 CGPA)
